Cara Install

- Download : git clone https://github.com/vikaputri/MyGram.git
- Install:
 - 1. go get github.com/asaskevich/govalidator
 - 2. go get github.com/dgrijalva/jwt-go
 - 3. go get github.com/gin-gonic/gin
 - 4. go get golang.org/x/crypto/bcrypt
 - 5. go get gorm.io/gorm
 - 6. go get gorm.io/driver/postgres
- Run : go run main.go
